Dear Friends:

Thank you for writing to express your support for an energy tax credit for homeowners. I appreciate you sharing your thoughts with me.

As you may know, legislation has been introduced in the Senate (S. 293) that would allow individuals to claim a credit against income tax for residential energy costs. S. 293 has been referred to the Senate Finance Committee, of which I am a member, for consideration. You can be sure that I will have your thoughts in mind should the Finance Committee consider this bill.

Again, thank you for taking the time to contact me.

Sincerely,

Fred Thompson
United States Senator
